A. H. Bastin & Son

FOR SALE: Two 1913 Harley-Davidson Motorcycles, in first class condition. Apply at this office.

The old proverb, "Where there's a will there's a way," has been revised to suit the situation. It now reads, "When there's a bill, we're away."

The kickers and cronkers have no place in a city with the push and progressiveness of our town. The man who opposes needed public improvements and stands in the way of progress is not a good citizen.

Talking is one of the strongest indications of life. Let our readers be governed accordingly and notice the firms who talk through our columns. They are alive and full of business and it will profit you to trade with them every time.

"Madam, are you a woman suffragist?" No sir, I haven't time to be. "Haven't time? Well, if you had the privilege of voting, whom would you support?" "The same man I've supported for ten years." "And who is that?" "My husband."

Too poor to take the home paper? Well, that is a distressful condition. Buy a hen, feed her crumbs and waste from the kitchen and she will lay eggs to pay for a year's subscription; then work her up into a pot pie and she will pay her first cost; so the paper will be a clear profit. Repeat this process year after year.

Have you any news, tell the editor and he will serve it a la mode. In case you do not happen to meet him, use the telephone or the mail. You will be helping to make your own town paper of greater interest and thereby serve the general community. Whatever news may interest you, must surely interest many others.

The following is a very truthful remark: "The man who grows up in his native town is regarded as a boy by his elders until he is well started down the declivity of life that ends in a hole. The stranger who comes into a place is more often pushed to the front than the young man who has grown up with the town. This is the reason why so many young men become dissatisfied with their home surroundings and long to cast their lot in other quarters."

A mosquito, gentle reader, is a cross between the fifth century and fifteenth. He is found in fossilized form in nearly every city in the United States and still lives. He raises his rents, delects a boom, loves to have other people bear all the taxes, hates to have a new enterprise, despises anything which smacks of progress and won't help a newspaper boom its own town. There are several varieties of mosquitos, but none of much use to a town. They are as drones to a hive of bees and like the industrious bee, the live business man should avoid these drones and patronize those who are an advantage to the place they reside in.

NEW OVERLANDS.

Lancaster added three automobiles during the past week. H. Clay Sutton, W. A. Dickerson and J. F. Holtzclaw having purchased Overlands.

INFORMATION WANTED.

All persons holding bonds against the City of Lancaster are asked to notify F. G. Hurt, City Clerk, as to the amount and date of maturity of these bonds.

PROTRACTED MEETING.

A protracted meeting will begin at the Fairview Church the sixteenth of this month and continue for about two weeks. The preacher will be the Rev. G. J. Parrish.

MISS CLAY SPEAKS.

Miss Laura Clay of Richmond spoke here Saturday in the interest of Equal Suffrage. Owing to the extreme heat there was not a very large crowd, but those who heard Miss Clay's masterful presentation of her subject were enthusiastic in their praise.

"GEM IT IS."

The judges decided that the best name for Harry Ware's new Soda Fountain was "The Gem", a name submitted by Mr. Raymond Hughes of Lancaster and Mr. Wm Craig Fish of Stanford. The prize, three dollars worth of trade chips was divided between these two.

COLYER WITHDRAWS.

Mr. H. H. Colyer, of Richmond, has withdrawn from the race for Auditor, leaving the race between Robert L. Green and Thomas L. Rhea. It is freely predicted that the friends of Colyer will cast their votes for Green, practically assuring that gentleman's nomination.

DOES THIS MEAN YOU?

Notice the date on the label of this issue of your Record. If it is back of July 31st, 1915, your subscription has expired and we hope that you will give the matter prompt attention and favor us with a remittance. Remember the rate of The Record is \$1.00 per year only to subscribers who pay in advance. If you have simply overlooked the matter for some time do not put it off any longer.

THURSDAY NIGHT.

Those who did not have the opportunity to see Betty Nansen in Tolstoi's "Anna Karenina" will be glad to know that this great tragic actress will be seen again tonight in "The Celebrated Scandal" at Romans Opera House.

AUTO ACCIDENT.

Frank Conn tried to turn into the garage from Stanford street while traveling at his usual rate of speed and as a result tore one wheel off and sprung the others. The crossing was wet from a recent shower and the car skidded. Frank was thrown out but escaped without injury.

GOOD WORK.

The work of Miss Higgins, County Superintendent of Schools, of Miss Skinner, Secretary of the Garrard County Institute, and of Dr. McDougal, Instructor of the Institute, is being praised on all sides by the teachers. It is the duty of every parent to hear Dr. McDougal's address this afternoon at the School Auditorium. He will speak especially to them on educational subjects.

EDWARDS SPEAKS.

Hon. Jas. P. Edwards of Louisville, spoke here in the interest of his candidacy for the nomination for Lieutenant Governor on the Democratic ticket, last Saturday. Although the day was hot and the farmers busy, a good crowd attended and the opinion seemed to be that Mr. Edwards made one of the best political speeches heard here in the present campaign. Mr. Edwards afterwards spoke from a machine at Paint Lick and again at Stanford Saturday night.

A GOOD RECORD.

"Uncle Ben" Evans who is here attending the Teacher's Institute for the 'seventh time has perhaps taught over a longer period of time than any rural school teacher in Kentucky. He taught his first school in 1868 and has continued since then with few breaks. He has had under the way of his switch and rule 2843 children and in one family has taught three generations. Truly, there is no better public servant than the country school teacher.

OWSLEY BOOSTERS.

Last Friday afternoon, headed by a brass band, Stanford friends and boosters of John Sam Owsley and about hundred strong, stopped in our city a few minutes en route home from the Harrodsburg fair, where they had been boosting the candidacy of Owsley for Commonwealth's Attorney. There were about twenty automobiles in the procession, all of which was at the expense of the boosters and without the knowledge of Mr. Owsley. They made a good impression here.

INTERESTING HISTORY.

Mr. John G. Proctor and family, of Danville, were recent visitors to relatives in Lancaster. While here they visited the stone houses on Drake's Creek in the Preachersville locality, which were built about the year 1800 by the Green and Graves families, ancestral to Mr. Proctor, and at that period, influential citizens of Garrard. Mr. Proctor is a great-grandson of William Jordan Graves, who made a hard contested race for the Governorship of Kentucky in 1840, and while United States Congressman from Kentucky in 1838, fought the famous duel with Congressman Cilley, of Maine.

HENRY-CHRISTOPHER.

Mr. Letcher Christopher, of this place and Miss Ella Henry, youngest daughter of Mr. and Mrs. Solon Henry, also of this city motored to Danville last Thursday night and were united in marriage by Dr. E. M. Green at the Presbyterian parsonage in that city. The happy couple left immediately for Somerset to visit the groom's parents. Mr. Christopher is one of our splendid young business men, being now engaged in the dry cleaning business, which he has managed successfully for the past six months.

The bride is one of Lancaster's most attractive young ladies and The Record together with their host of friends wish them a successful and happy life.

THE CALL TO THE MINISTRY

An elderly woman now living in the west, formerly a resident of Princeton, New Jersey, not long ago visited her relatives in that town. She was especially interested in the progress of a nephew who had entered the ministry. She had not seen him since his boyhood, and was, therefore, anxious to attend service at his church.

At dinner, subsequent to the Sunday sermons she heard delivered by her nephew, it was observed that the old woman was singularly reticent.

Suddenly she broke her long silence by asking her nephew, William, why did you enter the ministry?

"Why, aunt?" exclaimed the young divine. "What a question!" I entered the ministry because I was called. Just a suspicion of a smile came to the old woman's face, as she responded, "Are you sure, William, that it wasn't some other noise you heard?"

Woodrow Wilson says; "I am in favor of Local Option. I am a believer in Local Self-Government."

SPOONAMORE-SANDERS.

Miss Jewel Spoonamore of Hubbs and Mr. James Sanders of this county were united in marriage this morning in the presence of a few friends by Rev. F. M. Tindler at his home, and immediately left in a machine for Lexington and other points on their bridal trip. Miss Spoonamore is popular and attractive and a general favorite in her community. Mr. Sanders is one of our prosperous young farmers. The Record extends congratulations and wishes them every joy and happiness.

BOSWORTH WITHDRAWS In Favor Of Stanley.

Henry N. Bosworth, State Auditor, has withdrawn from the race for the Democratic nomination for Governor. Clifford Bosworth, brother of the late candidate, signed a statement of withdrawal for his brother in which he stated he would retire in favor of Stanley, who was the strongest candidate opposed to State wide prohibition.

NOMINATION OF JUDGE

WALKER SURE.

Reports from the leaders of the Republican Party all over the State indicate that Judge Lewis L. Walker will win the nomination for Lieutenant Governor by an overwhelming majority. Republicans of Garrard County are anxious that all the voters make as good a showing as possible at the primary as an endorsement for the local man.

JESS LYNN WITHDRAWS.

From Hopeless Fight.

A few weeks ago Mr. Jess Lynn, of Lincoln announced to his friends that he had the promise of the Master Commissionership in that county in the event of Hon. Chas. Fox' election as Circuit Judge. Mr. Lynn has now withdrawn from this fight and has released Mr. Fox from this appointment, and has notified his friends in the county of his withdrawal. It is now conceded by the friends of Mr. Fox, that Judge Hardin will carry Lincoln county by seven or eight hundred majority.

ESTIMATE ON COST OF MUNICIPAL LIGHT PLANT ASKED By City Council.

That the present city council unanimously favors municipal ownership of the Electric Light plant was clearly proven at a call meeting of the council last night, when by a unanimous vote they have asked for estimates on the plant. Representatives were here from different cities in the interest of their electrical houses and agreed to furnish estimates as to the probable cost of the entire new "A. C." system. It is thought that the most up-to-date system can be installed here for about \$15,000, in which case it can easily be financed and the city will own and control its own electric light plant, the only practical thing for the city to do.

LANCASTER CHILDREN

TELL WHY THE GREAT MAJESTIC

Range Should Be In Every Home.

The Great Majestic Range has many superior advantages. Which does your mother consider best?

The two letters shown below were the best and were awarded prizes. All children received a nice souvenir. For want of space we cannot publish all the letters.

"My mother considers the Majestic superior in every respect: it bakes better and quicker. The heat can easily be regulated and does not take half the fuel used in other stoves or ranges. The Charcoal Iron of which the Majestic alone is made will outlast steel ranges many times because it is not subject to rust like steel. You always get the full benefit of all the heat as none can escape and go up the chimney as others do, has a fifteen gallon copper reservoir to furnish boiling water. The oven is airtight and invented so it will remain airtight. There is a great saving in repair bills, and will last three or four times as long as other ranges do. Dorothy Dunlap."

"First it lasts longer than any other range made, and will save enough fuel every twelve months to buy a cheap range. It will not overheat the kitchen like others do which goes to make your work a pleasure instead of a burden. It protects your home from danger of burning as no heat passes up the stove pipe. George W. Lawan."

Remember only two more days of our Demonstration, Saturday is the last day you can get the beautiful \$5.00 set of utensils free, place your order now and have the range delivered at your convenience. Hot Coffee and Biscuit served free from the Great Majestic. Come in and dine with us. See the Great Majestic in operation with paper stove pipe. Call whether you want to buy now or not. This is a special invitation for you and your friends. Conn Bros
